

Webrecruit ATS 19.08 Feature Sheet

- Idibu UPP Integration
 - New job board posting engine integration in partnership with Idibu.

- This integration allows users with Idibu accounts to post jobs to multiple job boards at once, directly from within Webrecruit ATS.
- Candidate Sources now have unique IDs which can be used to configure Idibu, ensuring adverts posted using this integration have applications accurately tagged with their source.

Candidate Sources

 View and manage all of your candidate sources.

Show entries

Source		Board Id
Careerbuilder *		114
CV-Library *		73
Fish4Jobs *		72

- The job posting solution is provided in partnership with Idibu. To find out more about costs associated with activating this integration, please contact your Client Relationship Manager.
